

## Google Analytics

---

Google Analytics gives you information about how many 'hits' your site has, where your visitors come from and how they interact with your site.

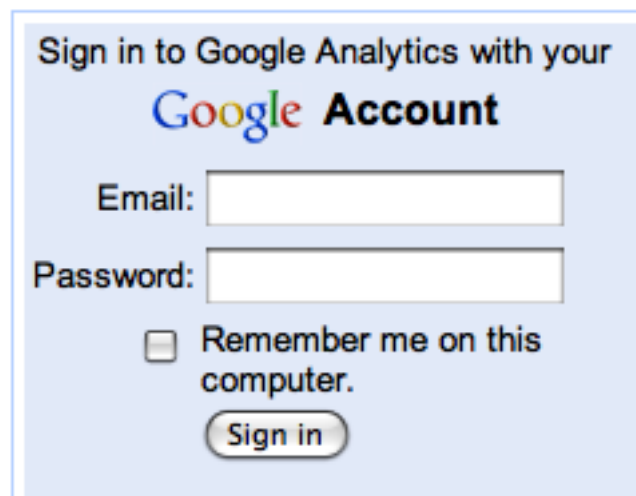

**Note** that this service has to be set up on your website to work. Please [contact us](#) if you would like Google Analytics available for your website. Please note that that results will take a few days to appear.

### Go to the Google Analytics website

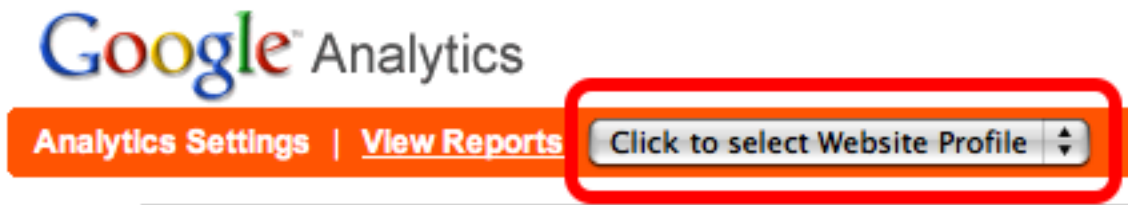

In a web browser - go to: <http://www.google.com/analytics>

### Log In

A screenshot of the Google Analytics sign-in form. The form has a light blue background and contains the following elements: the text 'Sign in to Google Analytics with your Google Account' where 'Google' is in its multi-colored font; an 'Email:' label followed by a text input field; a 'Password:' label followed by a text input field; a checkbox labeled 'Remember me on this computer.'; and a 'Sign in' button at the bottom.

Log-on using your main website email address and password supplied by **Kingsbridge Websites**.

## View Analytics

Select your website from the drop-down menu.
